# CARES School Volunteer Program

Dear Parent:

CARES is a volunteer program. CARES is an acronym for Community Action Reaching Every Student. CARES Volunteers have been very important to the school district for the past thirty-one years. They assist teachers in various ways so that teachers have more time to teach. Volunteers, under the supervision of the classroom teacher, prepare instructional materials and various other jobs.

I invite you to volunteer. You are compensated for your time only by the smiles on the faces of the school children and by the knowledge that you are making a contribution.

If you choose to volunteer, you will be working under the direct supervision of the classroom teacher and/or the school administration. We ask you to attend our orientation on Thursday, September 13, 2007, at the Pierce cafeteria, 2400 4th Street, from 9:00 to 11:00 a.m.; we only require a love of children and a cooperative spirit. Being a good volunteer doesn't require any special education or degree.

If you want to volunteer through the CARES Program, please fill out the form on the reverse side and return it to your child's teacher or the school office. By district policy, all volunteers must have a criminal record check.

We hope that you will join the CARES Volunteer Program and help us make this the best school year ever.

Yours truly,

Terry Miller, Coordinator  
Community Schools Program
